

SPACEOVER

▲ NEW WAY TO BUILD FOR THE 21ST CENTURY

PRESS RELEASE: 20th February 2008

South Chase Newhall, a new development for SLO (Simple Living Opportunities) Homes is progressing well.

The development consists of 78 new houses & apartments, which have a variety of layouts and aesthetic appearances. The project started on site in June 2007 and Spaceover already has 23 House and 13 Apartments erected on site. The first handover is in April 2008, when 21 homes will be released to Moat Housing Group for both Shared Ownership and rental.

The Private Sale Phase kicks off in May2008 when the Show Homes will open to the general public for viewing. Huge interest has been shown in this ECO Homes "Excellent Rated" development, from both the public and from within the house-building sector. The private sale homes designs offer excellent value for money, with spacious and flexible living areas. The properties have been designed by Award Winning architects Proctor & Matthews, who have been able to optimise the benefits of the Spaceover Building System.
